The image shows a large rectangular frame containing various geometric shapes. In the top-left corner, there is a small square box containing the letter 'S'. In the top-center, there is a small square box containing the letter 'P'. The shapes are distributed as follows:

- Top row (from left to right): a crescent moon, a trapezoid with a circle and a square inside, a teardrop shape, an oval, and a triangle with a diagonal line.
- Left side (from top to bottom): a circle, a figure-eight shape, and a shape with two inward-curving sides.
- Center (from top to bottom): a box with the letter 'P', a pentagon, a triangle, a diamond, a hexagon, a crown, and a semi-circle.
- Right side (from top to bottom): a diamond, a square, and two diamonds stacked vertically.
- Bottom row (from left to right): a shape with a wavy top, a semi-circle, and a teardrop-like shape.
